

our vision

Our physicians, peers and community recognize us as the leading outpatient physical and occupational therapy service provider in the region.

- > Our diverse programming meets the needs of the community and DuPage Medical Group as a whole.
- > Every patient receives a thorough assessment and a comprehensive plan of care that is of the highest quality, ensuring that they are discharged from therapy with improved function and quality of life.
- > A special emphasis is placed on our patients education providing them with a greater understanding of their disorder and how to continue to manage it effectively. We, as therapists, also highly value education and strive to continually “raise the bar” in regards to excellence.
- > The work environment is very supportive and rewarding, facilitating teamwork and ownership amongst the employees. The culture is positive and stimulating therefore promoting the continual retention and recruitment of high quality staff.
- > Our extended office hours and strategic geographic locations address patients’ and payers’ need for greater access and convenience.
- > We promote wellness and prevention to our community and patient base through innovative and effective programming.
